# **OUTSTANDING** PRINT QUALITY.

The imageRUNNER ADVANCE DX C7700i Series devices are powerful, versatile and perfectly suited to high volume environments where quality finishes are paramount.

### imageRUNNER ADVANCE DX C7700i Production Series

## **MOBILITY**

#### Connect on-the-go

- Simple and easy mobile connectivity with in-built WiFi plus options to connect through Bluetooth and Near Field Communication (NFC).
- Give your team flexibility so projects don't need to stop just because they are away from the office.
- Intuitive printing and scanning using Canon PRINT Business plus built in support for Apple<sup>®</sup> AirPrint<sup>®</sup>, Mopria<sup>™</sup> and Google Cloud<sup>™</sup>.

## E V PERFORMANCE

#### Designed for a simple, tailored experience

- The large interface allows for easy navigation while My ADVANCE provides a personalised experience so you can customise your workflow in a way that works best for you.
- Speed up processes with the single pass document feeder and automatic blank page removal.
- Achieve outstanding results with V2 imaging technology (V2 colour and true 2400 dpi) and a range of finishing options including stapling, booklet, staple ondemand and eco staple.

## 

## Protect sensitive information with enhanced security capabilities

- Advanced control over document access ensures documents are only seen by those that are authorised.
- Integrates with existing, third-party Security Information and Event Management (SIEM) systems to help provide real-time comprehensive insights into potential threats to the network and printers.
- Technology to verify that the device boot process, firmware, and applications initialise without alterations or tampering time and money spent on various projects.

## (Integration)

### Systems seamlessly converge for smooth operation and easy handling

- Canon's MEAP platform works to integrate both new and existing document, capture and output management systems while being partnered with relevant support technology.
- Collaborate with key line of business applications and external systems.
- For smooth, hassle-free projects, scan and convert to Microsoft<sup>®</sup> Word and PowerPoint<sup>®</sup> files.
- Supports integration with popular cloud services like Google Drive<sup>™</sup> and Box<sup>\*\*</sup>.

#### Advanced functions for big cost-saving

 Save your business money by reducing your paper wastage utilising settings such as forced job hold at the device, and blank page removal.

Canon

McAfee

PROTECTED

- Enable print policies to monitor output while also restricting users from overuse.
- Save even further with remote support to help diagnose and solve issues fast, rather than taking up the valuable time of in-house IT staff.
- Track usage and control your costs utilising Canon's uniFLOW Online Express free software.

Environmentally conscious technology works to achieve green initiatives for your business

- The iR-ADV DX C7700i runs efficiently to help eliminate unnecessary power consumption and is designed to reduce emissions.
- Motion sensors, sleep recovery triggers, 100% recycled plastics, and remote shutdown are all features that contribute to ongoing sustainability.
- Minimise paper wastage with default print settings including double-sided print and black and white.
- ENERGY STAR<sup>®</sup> and Blue Angel qualified with class leading Typical Electricity Consumption (TEC) rating.

### **DEVICE SECURITY**

The imageRUNNER ADVANCE DX C7700i Series feature the ability to help verify that the device boot process, firmware and applications initialise at startup, without any alterations or tampering by malicious third parties.

During operation, McAfee Embedded Control<sup>™</sup> utilises a whitelist to protect against malware and tampering of firmware and applications.\*\*
